Small Group Guide

Foundations Of Faith | Baptism

Main Idea: Baptism is a critical step in our faith journey that symbolizes our commitment to follow Jesus.

Primary Scripture: Hebrews 6:1-2

Opening

Welcome, everyone! Today, we're diving into an important aspect of our faith—baptism. It serves as an external declaration of our inner commitment to Christ. As we explore this topic, let's consider how baptism is more than just a ritual; it signifies our surrender and signifies a fresh start in our walk with Jesus.

- What does baptism mean to you, and how has it played a role in your journey of faith?
- Can you share a moment when you made a visible commitment to your faith, whether through baptism or another act?

Read

Read Hebrews 6:1-2 together.

Observe

- What are the three key components of baptism mentioned in the sermon?
- How does the act of baptism symbolize both death to sin and new life in Christ?

Understand

- In what ways does the progression of repentance, faith, and baptism reflect our journey in following Jesus?
- Why do you think the practice of baptism has endured across various Christian traditions through history?

Apply

- How can reflecting on your baptism deepen your current walk with Christ?
- If you have not been baptized, what specific steps could you take this week to explore that decision further?
- What tangible difference can you make in your life to demonstrate your commitment to following Jesus this week?

This Week

Identify one way to express your faith publicly this week, whether through conversation, action, or your involvement in a community living out Christian values.

Prayer

Pray for clarity and boldness in your journey of faith, whether that includes taking the step of baptism or living out your faith openly.

Leader Note

Encourage open dialogue during observations and applications. Allow space for personal testimonies about baptism and faith commitments to inspire others.
